

Addieren mit Überschreiten 1

1. Wie rechnest du diese Aufgabe? Schreibe deinen Rechenweg auf

$46 + 9 = \underline{\hspace{2cm}}$

$63 + 8 = \underline{\hspace{2cm}}$

$54 + 7 = \underline{\hspace{2cm}}$

$35 + 7 = \underline{\hspace{2cm}}$

$52 + 9 = \underline{\hspace{2cm}}$

$78 + 6 = \underline{\hspace{2cm}}$

2. Rechne.

$49 + 5 = \underline{\hspace{2cm}}$

$39 + 2 = \underline{\hspace{2cm}}$

$59 + 3 = \underline{\hspace{2cm}}$

$68 + 3 = \underline{\hspace{2cm}}$

$85 + 8 = \underline{\hspace{2cm}}$

$39 + 6 = \underline{\hspace{2cm}}$

$89 + 2 = \underline{\hspace{2cm}}$

$72 + 9 = \underline{\hspace{2cm}}$

$56 + 8 = \underline{\hspace{2cm}}$

$59 + 7 = \underline{\hspace{2cm}}$

$18 + 7 = \underline{\hspace{2cm}}$

$46 + 8 = \underline{\hspace{2cm}}$

$38 + 3 = \underline{\hspace{2cm}}$

$49 + 3 = \underline{\hspace{2cm}}$

$64 + 7 = \underline{\hspace{2cm}}$

3. Zwei Zahlen in den äußeren Ringen ergeben die Zahl in der Mitte.
